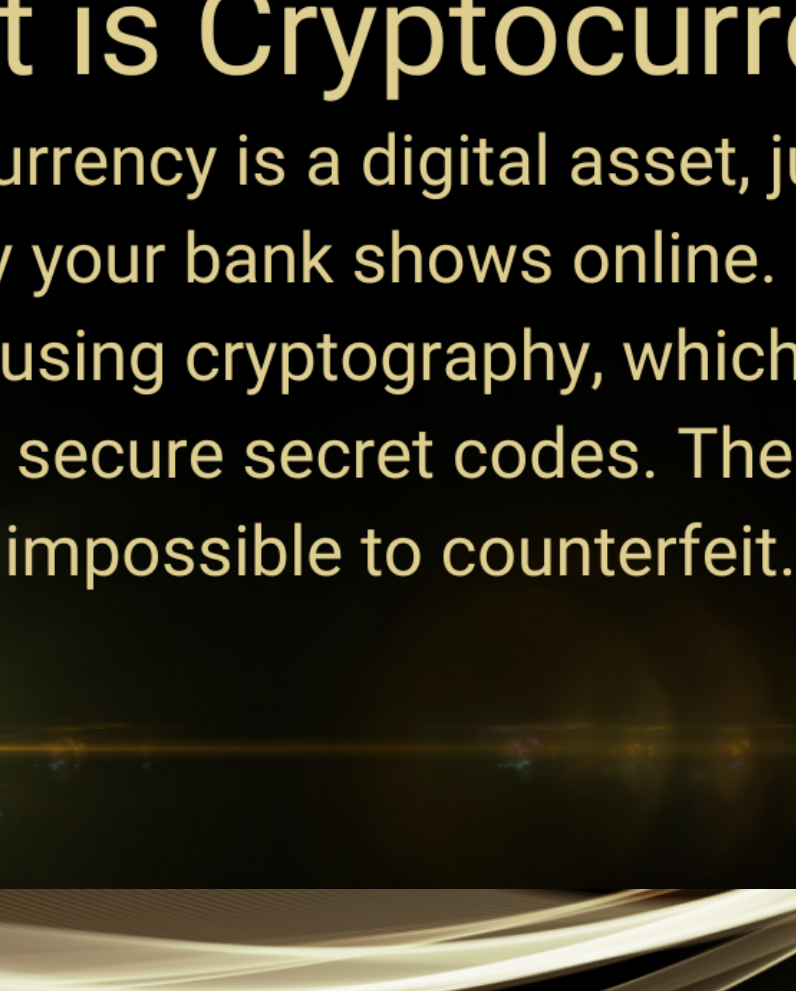
AI FUTURE TREND Primary Focus

Primary Focus Rests in Cryptocurrency & (AI) artificial intelligence

What is Cryptocurrency?

Cryptocurrency is a digital asset, just like the currency your bank shows online. However, it is created using cryptography, which is the art of creating secure secret codes. These codes make it virtually impossible to counterfeit.



AI FUTURE TREND Over 2000 Different Cryptocurrencies Exist

Bitcoin, Litecoin, Ethereum, AFT
AI FUTURE TREND

AFT has created its own cryptocurrency called AFT Coin
